## The Opportunity

Tenure and Promotion Reviews are opportunities to showcase your unique contributions to the academy. This process should not be an INQUISITION and one fraught with anxiety and uncertainty. I have confidentially advised over 100 faculty to successful tenure and promotion.

## Transformational Methodology

My approach embeds an individualistic view and assessment of your teaching, research, and service footprint. Together, we take a close look at your institution's TPR Guidelines along with recommendations received from supervisors and TPR committee members. I address the unnamed aspects of the process which may be limiting your success. Utilizing this information, we discuss ways to receive consistent internal institutional review of your dossier materials leading to the final submission of tenure and/or promotion dossier for review.

***Accelerate your path to achieving tenure and promotion with clarity and precision!***

***Interim Provost, Vice Provost of Curriculum & Assessment, Vice President & Dean of Academic Affairs, Dean of Arts & Sciences, MFA & MA Program Director, Tenured Full Professor – three universities (Texas Southern University, University of Pittsburgh, and Morehouse College)***
